head count will take to create a solution we need to accomplish response a strong presence at each event.

However, instead of staffing completely in-house as such as trade show booth management we will instead look to supplement the staff with outside agencies. Companies such as Booth Inc. will play a role in event presence, demo opportunities and booth staff. In addition, we will look to team up with our partners to develop solutions that take into account the specific requirements of the audience. For the next quarter, we will ramp up the team along the following guidelines:

- Each Sales Manager can handle three unique areas of focus.
- Each Sales Enablement Manager can handle three unique areas of focus.
- Each Program Marketing person can handle one unique area of focus.
