

DARPA Phoenix Industry Day

Team and Logistics

Phoenix Industry Day

NASA AMES

November 9th, 2011

Phoenix Team

- David Barnhart, TTO Program Manager Phoenix
- Tina Stuard, TTO Contracting Officer
- Larry McKoy, TTO Security Officer
- Jesse Margiotta, Lead Technical SETA
- Janine Bruhn, Business Financial SETA
- Brook Sullivan, Technical SETA
- Peter Will, Technical SETA
- Esko Jaska, Technical SETA
- Roger Hunter, NASA AMES SME

(SETA = Scientific, Engineering and Technical Assistance Personnel)

Adobe Connect JM1

- Virtual users are observing but can't participate in discussions or ask questions.
- Contact Janine.bruhn.ctr@dapra.mill during the meeting session if there are any technical issues.

Poster Sessions

- Ongoing in the Show Room.

Questions and Answers

- Printed Q&A cards will be collect by Janine Bruhn or Jesse Margiotta during breaks and lunch. The Phoenix team will provide answers at the end of the day, time permitting.
- Any further technical and programmatic questions can be submitted to DARPA-BAA-12-02@darpa.mil
- All Q&As will be posted on the Phoenix ID registration web site. <https://www.schafertmd.com/conference/phoenix2011/qa.php>
- Independent meetings with the PM are also available until the BAA release.

Slide 3

JM1

- Virtual ID
- Remote attendees receive live feed of audio, video, and ID briefing; however, feature does not allow for participation in discussion.
- Recorded ID session will be posted to the PHX ID registration website.
- Next weeks West Coast ID will also have same capability; we encourage virtual attendance, and download of recorded ID.

Jesse Margiotta, 11/1/2011

Lunch

- Catered Lunch will be provided in the Fireside Room
- The poster session will also be going on at this time in the Show Room.

Teaming Forum

- The Phoenix teaming forum is available today, November 9th as a tab on the Phoenix ID registration web site.
- Request membership by setting up a user ID and Password. <https://www.schafertmd.com/conference/phoenix2011/teamingforum.php>

Wireless Internet

- Not Available

Please set mobile devices to silent operation.
