The purpose of Amendment 1 to the DARPA-PA-25-07-02 Compositional Learning-And-Reasoning for AI Complex Systems Engineering (CLARA) Disruption Opportunity (DO) is to:

- Disambiguate between Bayesian Logic Programs as used for automated reasoning and Bayesian Logic Programs as used for machine learning (page 15).
- Update eligibility information and provide instructions for potential FFRDC/UARC/Government Entity-proposers (page 16).
- Extend proposal due date to April 17, 2026 (page 19).
- Extend target award date to June 16, 2026 (page 16).
- Extend anticipated program start date to June 22, 2026 (page 12).

All changes to the DO are noted with <mark>yellow highlights</mark>. Except as referenced herein, no other changes have been made to DARPA-PA-25-07-02.
